- 2:00-3:00 2nd Office Hour: Faculty available in 15-min blocks for research advice.
- 3:00-5:00 Research Group Flash Talks
Charting New Empirical Opportunities
Hard Limits: 5 min + 5 PowerPoint slides + 10 min for group discussion
Please send slides in advance to hreis@ur.rochester.edu
- 5:00-5:15 Closing Words by Sara Algoe
Upcoming in the Love Consortium...

Transition to Reception for The Love Consortium: 6-8pm Bakers

Join other researchers interested in the Love Consortium who will be attending Thursday's all-day Preconference Workshop; these include faculty PIs who are looking for opportunities to collaborate with their datasets. Light dinner (i.e., heavy apps and finger food) will be provided; cash bar.

Thursday, June 20th: Many of you will be attending the New Scholars Workshop. We strongly encourage you to join the morning session, which was designed with you in mind. It features a workshop on Integrative Data Analysis by Dr. Andrea Hussong; this is a unique opportunity to think about novel types of collaborations using The Love Consortium resources.
